### It's Vacation Time

But not for us. Fred has gone to the harvest fields for a few weeks to do his patriotic duty and Pa and Ma and the kids are pretty busy thank you, keeping shop, attending to all the numerous little jobs that bob up at the rate of sixty an hour.

### We're Mighty Glad

that our friends took so kindly to our **CASH BASIS** and things are running along pretty smoothly. A great many have said that they would just as soon pay cash as to have things charged—only it was a habit that father and mother had before them.

### Thunder and Lightning

this week indicated rain, but so far we have'nt had enough rain to help a whole lot. Yet it's going to rain some of these days and then everyone will be happy. Better come in and buy your Binding Twine and be ready for that grain when its ready to cut.

### Speaking of Habit

its a mighty good habit that some folks have, of always bringing their butter and eggs and chickens to our store, where they are always sure of getting the top price for anything they have to sell. Maybe not as much as they could get by going down to the public market in Portland and there selling direct to the consumer. We cant do that and dont claim that we can pay as much for your stuff as you could get down there, but you will always find that our prices are top when compared to the real Portland market. No matter what you have to sell, bring it to us and we'll treat you right.

### Livestock

we hope to be able to ship a mixed car of live stock next week. If you have anything to sell better call us up and see if we have your stuff on our list. Fred might have forgotten to list your stuff with us before going away.
