No E. C. C. Fair Here This Season

As a patriotic economy and to conserve the labor and energy which ordinarily is expended, the directors of the East Clackamas County Fair, at their meeting voted to hold no exhibition this season.

Such a move has been under consideration for sometime, with part of the directors favoring a one day fair only and others believing that no fair should be held during these war days, especially when the shortage of farm labor is at its present stage.

The \$500 which was appropriated in the 1918 county budget for awards at the fair will be returned to the county, to be used as the court may see proper or to be laid aside for the 1919 local fair.
