

HIGH SCHOOL NOTES

Carrie Hannah will teach at George this year.

Lewis Jones is filing his application for entrance to Reed college.

Enrollment begins at the High School, Sept. 3rd, or at the Chautauqua grounds Aug. 30-31, and Sept. 2.

Seats are being placed in the old High School where the 6th, 7th and 8th grades will work on the department plan next term.

Lumber has at last been secured for the needed cupboards and work tables for the cooking classes. It is unlikely, however, that the work can be completed before school opens.

There will be a meeting of the new corps of teachers Sat., Sept. 7th at 10 a. m., at the High School. Plans will be outlined for the beginning of the work of the year. All should be present.

There is general interest in the High School throughout the surrounding country. While the new draft will touch some families, it looks as though there would be a good freshman class, and all expect to return who can.

Otto Janssen '18 called at the High School Monday. He is with the navy at Bremerton. A short furlough gives him the opportunity of helping with the harvest and calling on old friends. He likes the navy and soon hopes to "go over."

Every child of school age should not fail to enroll Monday, Sept. 9th. It is a vital time in our national and social history and education is being peculiarly emphasized. Parents should insist on their children continuing their schooling just as far as possible.

The boys' lockers are now on the lower floor and the boys are satisfied not to run "half a mile" from the showers to the lockers as they did last year. This change also necessitates the exchange of the science and manual training departments to adjoining rooms.

All of the local teachers are busy planning for the opening of school and a profitable year is in prospect. The earnest cooperation of all parents and members of the community is solicited, to make this one of the best years in the school work. We owe it to the children, to ourselves and to the government to work together enthusiastically to the end.

Miss Johnson recently filed her registration with the board and the same was accepted. Mrs. Signs has been offered Miss Johnson's place and a Mrs. Wilson of Portland will take Mrs. Signs place at Currinsville.

In the Bulletin recently published, instructions were given for students enrolling to bring their eighth grade diploma. This refers to Freshmen only. If they have a diploma it will facilitate classification, if they have no diploma, they should report anyway, as we will take care of their entrance in some way.

The Rev. J. E. Simpson, who has made his summer home here for a number of years, on the south side of the river, will now become a permanent resident. On September 1st his resignation of St. Mark's (Episcopal) Church, Portland, takes effect. His administration extended over a period of twenty-two years, and it was to the extreme regret of his parishioners, by whom he was greatly beloved, that his failing health enforced a retirement.
