\$1.50 PER YEAR

ALLIED DRIVE FOR WAR RELIEF WORK

Delegates will Attend Preliminary Meeting in Portland, September 16.

\$170,500,000 TO BE RAISED

The Entire Fund will be Distributed Between Allied Organizations.

From every city and town in Oregon delegates representing the Y. M. C. A., Knights of Columbus, Y. W. C. A., Camp Community Service, Jewish Welfare Board, Salvation Army and American Library Association will be in Portland Monday, Sept. 16, to help lay plans for raising a total of \$170,500,000 next November for war relief work throughout the world.

All the interests of these allied organizations have been combined at the request of President Wilson in order that there might be but one drive for funds, thus saving considerable in manpower and obviating the necessity of going two times to the people for the same purpose this year.

Those who go to Portland will not only have the pleasure and honor of participating actively in the largest drive for philanthropic funds in the history of the world, but will also have the opportunity of hearing men of world-wide renown, such as George W. Perkins, of New York, one of the most noted financiers of the age and a strong team from overseas will also be present to bring the latest word from the war zone.

Oregon's quota is \$770,000. The entire fund will be distributed between the allied organizations in accordance with a plan approved at a conference in New York.

John R. Mott, general secretary of the Y. M. C. A., with headquarters in New York, has

A Ford and a Calf

Walter Lemon was coming to town last Monday afternoon, between two and three, and was driving along about a block above the school house, when he met George Armstrong, who was leading with a rope a two-year-old calf. As he approached, the calf made a sudden bolt across the road, right in front of the car. The rope hit squarely across the radiator, giving the machine a tremendous jolt. Neither of the men nor the calf was hurt, but the Ford showed the marks of the collision, as its radiator cover was wrenched, one of the lamps broken and the glass of the windshield shattered. It is now laid up for repairs in the hospital department of the Cascade garage, where under the skilful treatment of S. Pesznecker it will soon be itself again.

For Those Over Seas.

God save our splendid men;
Send them safe home again;
God save our men.
Keep them victorious, patient
and chivalrous,
They are so dear to us,
God save our men.

"Oregon's State Fair for 1918 Over the Top"

The Fifty-Seventh annual Oregon State Fair to be held in Salem September 23-28 inclusive, promises to be the largest ever held. It is going to be something unusual and something you cannot afford to miss. It will be entertaining, instructive and patriotic. This latter feature is being emphasized in a great effort to assemble the finest agricultural, horticultural and live stock display ever shown, with a view to encouraging a greater production of food, which is already recognized as our country's second line of defence in this world war. Realizing that under the great burdens and sorrows of war, entertainment and recreation are more necessary than ever before, the government is spending millions of money to re-create the bodies and minds of its soldiers. The necessity for introducing an uplifting mental stimulus at this time among the civilian population plunged into the vortex of war work, is to be met at the Oregon State Fair by a larger, more comprehensive and finer art department than ever before.

Works of art include anything of beauty which is well done; oil or water color paintings, portraits, etc. that the owner deems worthy of a place in such an exhibit. The department is housed in a new brick building, the articles are well cared for and carefully packed and returned to the owners.

Write to the Oregon State Fair Board, Salem for entry blanks and books. Send articles by parcel post or express to Mrs. Weister, Ore. Art Department, State Fair, Salem, so they will reach there by September 20.

Week-end Guests at the Estacada

FERVID THOUGHT, FEELING AND SENTIMENT

At the Loyalty League Rally
Masterly Address by
Dr. Milliken

MAYOR BARTLETT PRESIDED

Slackers Flayed by John W. Loder
Everyone Urged to
"Come Through"

A representative audience assembled in the High School auditorium last night for the Loyalty League rally.

The proceedings were opened with the singing of the national anthem and America, after which the pledge to the flag was given.

Mayor Bartlett presided and as the speakers from the county seat were late in arriving, he called for impromptu speeches. These were made by Guy Graham of the class of 1914, now on leave from Kelley Field Camp, San Antonio, Texas; Prof. Guthrie now a Y. M. C. A. Secretary at San Pedro, California; and W. Givens. Their remarks were all apt and to the point. By the time these were over, the advertised speakers had arrived.

Dr. Milliken delivered a most masterly address in which he contrasted the two governments of Germany and the U. S. A. He analysed their respective conceptions and principles and considered which would be the better one for the world. He had no difficulty in settling this question.

Attorney John W. Loder of Oregon City followed Dr. Milliken, who unmercifully held up the slacker to scorn, unmasking his camouflaged excuses. He showed the necessity of the draft to mobilize democracy for the maintenance of its own principles. He urged all to stand back of the boys and not to put a stone in the path of any one wanting to enlist. We must all recognize our personal obligation in the
