The Commercial Course, newly established, is proving the most popular with the students, fully one-third of whom are enrolled in the complete course and others for some parts of it.

The annual reception for the teachers' will be held in the High School auditorium at 8:00 o'clock next Friday evening. This is the opportunity offered for all the towns people to become acquainted with the teachers several of whom are new this year and to establish those bonds of cooperation and understanding between patrons and teachers without which a school cannot reach its highest ideals.

Enrollment in the Grammar School is slightly above the first day last year, showing in the first grade 15, second 17, third 10, fourth 11, fifth 18, sixth 24, seventh 10, eighth 11. Total 116. The High School, considering the fact that so many of the older boys are gone to the army, makes a very good comparative showing, enrolling but 10 less than the first day last year. Freshmen, 23; Sophomores, 18; Juniors, 10; Seniors, 10. Total 61.

Twenty-six boys responded to the call for football and the girls' basket ball will soon be under way. The Student Body at the first session of the year, elected an Editor-in-Chief, Clarence Anderson, and an assistant, Homer Sarver, who will have charge for the first semester of the High School column in the News. Other work of organization has been completed and the classes have elected officers and no time is being lost in getting settled into the work of the school year with a vim that should be productive of the best results.
