Mrs. H. V. Adix collected Monday the proceeds from the Belgian milk bottles. These amounted to \$11.43 for the month of October.

H. P. Jochimsen formerly of this place but now working in a garage at Hood River, arrived Sunday morning from that place for a few days' visit. He called at the News office Monday to renew his subscription. He said the apple crop at Hood River is being marketed and that it was a good one.

We were glad to see Mrs. Della Vallen of Ellwood again on our streets last week. She has been sick, due to a nervous breakdown for about a month, at the home here of an aunt, Mrs. I. M. Park. Dr. Adix has been treating her and she is now convalescent, and we hope her full recovery will be rapid.

Hallowe'en in Estacada was a most sane one. The youngsters had lots of fun in an innocent way, as was right, but there was no rowdyism nor damage done to property. A gasoline sign belonging to one of the garages, was hoisted halfway up the flag pole, and that was about the only external evidence the next morning, that the ghosts had been around. We received a friendly call or two from some hobgoblins and wiches who tried to scare us, and at first they seemed rather startling. But we found what looked awful, was only a jack lantern. Witches have changed greatly since Tam o' Shanter's time, and nobody needs now to run away from them.

Keep the pep in the boys who are peppering the Kaiser.  
Give to the United War Work Campaign.

Mrs. R. Morse went to Portland Friday for a few days visit with friends.

Mrs. Willis Yonce came over Tuesday to serve as one of the election judges in precinct No. 2. She was on the night shift.

Mrs. A. E. Sparks accompanied by her friend Mrs. F. A. Beach of Fort Dodge, Iowa, will leave for Watson Saturday morning to visit former friends, who live in that vicinity.

Ernest Daus of Camp Lewis, who has been seriously ill from an attack of influenza and pneumonia, is well on the road to recovery. But at last accounts he is still confined in the hospital.

Douglass Drill arrived Monday for a short furlough with his parents, Mr. and Mrs. A. Drill of the Cazadero Power plant. Douglass would have been a member of the High School Sophomore class, if he had not enlisted. He is stationed at St. Helens and belongs to a motor cycle squad.

The Fourth Liberty Loan was oversubscribed by more than \$800,000,000. This surplus is to be applied on the next loan which will be called for in the spring. It is more than probable that it will be named Victory Loan. It must not be thought that peace will end the necessity of raising loans, because the government's expenses will be enormous for some time yet to come.

Mrs. Jess Bartlett and Mrs. Morton have been distributing posters around town in furtherance of the United War Work Campaign. They have also been soliciting the merchants for the use of their advertising space to promote the good cause. These have willingly responded. The striking displays in the windows of the East Clackamas Supply Co's store and in that of William Dale were arranged by them. Boner also has an artistic display, using large life like pictures of some of the boys in the service to good effect.

The extra pound of sugar per month for each person, said Assistant Federal Food Administrator W. K. Newell in announcing the new allowance, is not intended for the more generous sweetening of coffee or tea, or for making into candies or cakes or pies, or any such luxuries. It should be expressly understood that this extra sweetening is intended to be used for sweetening the canned fruits when opened or for use in the cooking of cranberries, apple sauce and other winter fruits. Any idea that there should be the slightest degree of relaxation in the saving of sugar is wrong.

Robert Currin who has been working at the Walter Givens Store had the misfortune to sprain his ankle on the elevator, which will incapacitate him for a while, but not for long.

The "Flu" has much to answer for, but probably in the opinion of our High School football team, the forced abandonment of the game scheduled for last Friday between them and Columbia university, constitutes one of its most serious offenses.

R. M. Standish came home Friday and on Saturday afternoon hied himself with rod and line to the dam at River Mill. He returned laden with spoil and generously gave the editor a good sized sample, which made an ideal Sunday breakfast the following morning.

Phil Standish came up Tuesday from Portland. He had just finished the officer's training course at Eugene. He will remain here a short time on his ranch in Garfield, attending to the pruning of his fruit trees and hopes soon to be sent to a central training camp. Mr. Standish said that nearly all in this class applied to be transferred to Camp Fremont, Palo Alto, California.

Grove Krigbaum will leave tomorrow, Friday for Bull Run.

Mrs. L. H. Wells of Portland, arrived Sunday night to be with her son Dr. L. A. Wells, and to make acquaintance of her new grandson.

Mr. and Mrs. J. Lilburn of Roseberg, will arrive here Sunday to visit with Dr. and Mrs. Wells. They are the parents of the latter and naturally eager to meet Lee Arrington Wells, Jr.

The News acknowledges a pleasant call Tuesday afternoon from V. W. Hauser, of Tampa, Florida, who is visiting with his father-in-law M. C. Adlon. He gave some very interesting accounts of the Florida country and its resources. His father conducts a hotel at Tampa, besides being the owner of a productive grapefruit orchard. This favorite citrus fruit is the result of grafting a lemon scion on the root of a wild grape vine, hence the name. Florida is fast becoming the winter market garden for New York, Boston and other Atlantic coast cities. When they are locked fast in ice and snow, Florida is basking in sunshine and harvesting outdoor crops of early vegetables.
