

Announcement!

To the Public: I have bought out the interests of Mr. S. Pesznecker in the Cascade Garage, of which business I am now the sole owner.

I trust to maintain the efficiency which has heretofore characterized this institution, and by prompt and courteous attention retain all its former patrons as well as gain many new ones.

In order that its efficiency may be fully kept up to the standard I have retained the

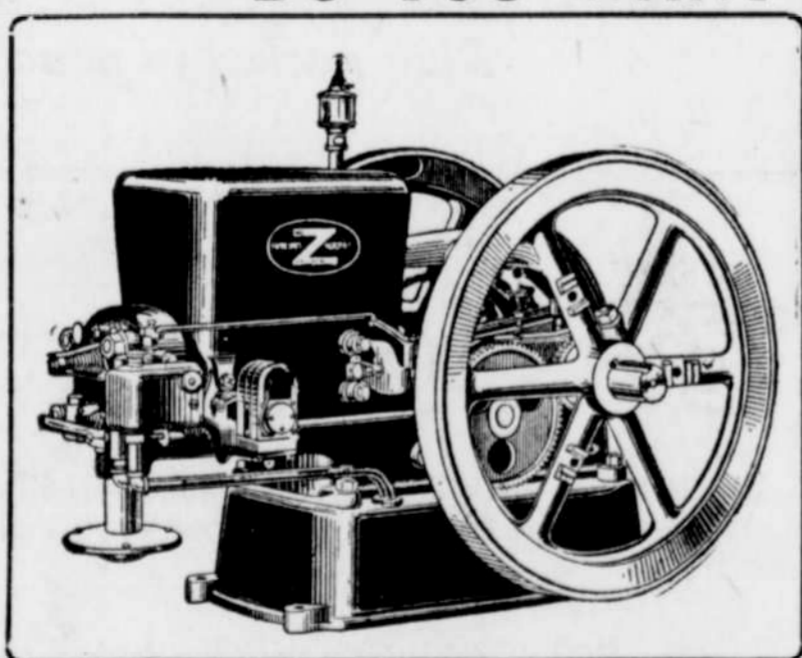

services of Mr. Pesznecker as chief of the Mechanical Department. To yet further accommodate the traveling public, I am inaugurating a Day and Night Service, not only week days but Sundays included.

Yours respectfully,
ROY WILCOX.
