ESTACADA VS. MOLALLA HIGH

Estacada and Molalla High School teams met on the Estacada diamond for a return game, Saturday afternoon, which proved the most exciting of the season. Molalla led off with 3 scores the first inning, while Estacada secured but one. Estacada tied the score in the third, and for 7 innings neither side scored. In the first half of the 11th inning, Molalla broke in with one run which Estacada covered in the second half, and the 18th inning began with the tie still in operation. But Molalla failed to score in the first half of the 12th inning, while Estacada connected for three hits, filling the bases. Walter Smith, premier pitcher among the High Schools, earned more laurels by getting a home run, thereby scoring the winning run making the final score 5 to 4 as the first tally in the extra inning is the only one to count.

In view of the fact that Molalla finally admits our protest of the game played at Molalla, this brings the county championship to Estacada, thereby paving the way for a state championship game to be played during the Chatauqua. This game will necessitate some financial support by the business men, and the boys are deserving of the same, Smith for instance, has 5 home runs, 32 base hits and several single ones to his credit this season.

All interested in commercial work in an eight weeks' summer school, report to Mr. Signs at once. If the course is given, it will start next Tuesday at 9 a. m. at the High School. W. W. Williams who taught last winter, a short time, will have charge.

C. M. Godfrey, who has been musical director in the Estacada schools left for his home in Portland Saturday morning. He will spend the summer at Seaside and return to Estacada, when school opens in the fall.

A Curious Occurrence

Last Wednesday Pete Davis, who lives on the Krigbaum place in Garfield, put up his car in the barn at noon. During the afternoon he had occasion to go to the barn and found that the car had caught fire and all the wood work completely destroyed. A hole about two feet in circumference was burnt in the floor underneath, but nothing else was injured. A team of horses in a stall four feet away had not been hurt. The origin was due, it is supposed, to the wires in the car becoming crossed and short circuiting. What is most strange, is that the barn with exception of the floor, did not catch fire. The car was uninsured and a Chevrolet.

Last Call for Chautauqua

The Chautauqua numers are excellent and those who attended are loud in their praises. But the attendance is not what it should be and the committee is facing a serious deficit which it will have to make up. Everybody should turn out tonight and help reduce this. The program tonight is the best ever and worth twice the amount of admission.

WOOLGROWERS TAKE NOTICE

Our wool buyer W. H. Lucke, will be here tomorrow, Friday, June 6th. Bring in all the wool and mohair you have to sell.

ESTACADA FEED CO.

BASEBALL

Estacada town team will play the Loyal Legion of Portland, on Sunday, June 8, beginning at 2:30 p. m. on High School diamond. Admission 25 cents.

H. C. Stephens was recently appointed a member of the Executive Committee of Group One of the State Bankers Association by Chairman C. H. Vaughan, of Hood River. As this is the most important committee in the group it is quite an honor for our local banker.

Off for California

There was quite an exodus of residents of our city Monday, en route for California. They went in their cars making three several loads. They were Mr. and Mrs. E. W. Bartlett and Ken Bartlett who are going to visit their daughter and sister, Mrs. Smith, of Colton; Mr. and Mrs. A. E. Sparks who go to Oakland and Mr. and Mrs. S. Pesznecker and son Leo, who will visit Mrs. Pesznecker's brother in San Francisco. All travel together going, but will return at different times. The Pezneckers will only be away about 15 days, the Bartletts will be back about the middle of July, while Mr. and Mrs. Sparks may be absent for two months. The News wishes the whole party a pleasant trip and vacation.

The Alumni Banquet

The E. H. S. Alumni association held their annual banquet and business meeting, at the Estacada hotel, Friday evening, May 30th. The meeting was called to order by President Della Lovell, and after greetings to the class of 1919, to which Ruth Saling responded a delicious banquet was served and thoroughly enjoyed by all. After the supper a good program was rendered and officers elected for the next year. Those elected were:

Mrs. Theo Ahlberg	President
Clyde Denney	Vice-Pres.
Ruth Saling	Secretary
Carl Kimmel	Treasurer
Lloyd Saling	Reporter

Chester Womer, Kitty Raegan and Doris Lovell, executive committee.

Dancing followed the supper and with the best of music by the High School orchestra, every one enjoyed himself to the limit. This was the most successful meeting ever held by the alumni, fifty-eight members being present. Every class was represented and some classes showing 100 per cent. The party broke up at a late hour and all went home hoping to be present at many more alumni banquets.

MEMORIAL DAY IS OBSERVED

The exercises in the High School auditorium were very well rendered Friday morning. The full program was given in last week's NEWS. The special features were the four minute talks by returned soldiers which proved intensely interesting. These were by Milton Evans, Ken Bartlett and Carl Kimmel. The first spoke about "the trip over," the second on "a trip thru France" and the last on "at the front." Then Chester Womer recited "In Flanders' Fields," which was made all the more effective and touching by the stage setting. The curtain went up and revealed three grass covered graves with poppies in between, illustrating the refrain, "The poppies bloom in Flanders' fields." Women dressed in black were decorating them with flowers, and at the head and foot of each grave were simple wooden crosses, while the allied flags were at the foot of the central grave. The whole scene was most touching and we could not help thinking how much more comforting and expressive were the simple crosses which testify to death being swallowed up in victory and life, than the unmeaning, grotesque and costly blocks of granite and marble which so frequently weigh down our dead in cemeteries at home. Prof. Godfrey and Miss Ruth Dillon both captured their audiences by their singing and the latter very appropriately added the "Battle Hymn of the Republic," in the chorus of which the audience joined. The other participants were children of the grades and the delivery of their pieces showed careful pains and training. The ceremonies concluded with the benediction by the Rev. J. P. Dunlop. The credit of arranging the program and its successful carrying out, is largely due to Mrs. M. B. Signs. Perhaps owing to a misunderstanding of the hour there were not as many of the townspeople present as were expected.
