

## ELWOOD NEWS

Omitted last week.

Mrs. Annie Walker and Miss Mabel Cadoman, sisters of Mrs. Lilly Park, were out from Portland last week for a short visit. They were accompanied home by their niece, Miss Eula Park.

Elliott & Freeman have bot a new boiler and engine for their mill, which they are moving to a belt of timber west of J. A. Stromgreen's place.

Julius Bogden and Eula Park were successful with their eighth grade examinations, having received their diplomas this week.

Elwood is booming with new cars, George Brown, Walter Cox and S. B. Brown being the proud owners.

Miss Nellie Vallen and nephew Orel Vallen, were dinner guests at the home of Miss Vallen's sister, Mrs. Hanna Ginther, Sunday.

A. Miller, who had a piece of steel removed from his eye last week, is doing as well as can be expected, having lost the sight of the eye.

Mr. Bishop and family have rented a house at Springwater where they moved Monday. Their little daughter Clydie is in the hospital at Portland where she is to undergo a third operation as soon as her strength will permit. Her condition is serious.

Little Marie Downing of Portland visited her grandparents, Mr. and Mrs. Lankins, last week.

## SALVATION DOUGHNUTS

It was the doughnut which led the Salvation Army into fame with the doughboys of France. And it was "Pa" and "Ma" Burdick, the doughnut king and queen of the Salvation Army, who served overseas for two years, who introduced the doughnuts to the doughboys. Incidentally they are back now aiding in the campaign to secure sufficient funds for the Salvation Army to conduct its work in the United States for one year. Oregon has been asked to make its contribution June 22 to 30 and a state-wide organization of business men, prominent women and live-wire Elks are preparing to handle the campaign.

But for the ladies—here is "Ma" Burdick's recipe for doughnuts (this is a batch of 600 cut portions according to the number you desire).

Twelve quarts of flour.

Six quarts sugar.

Twenty-four tablespoonfuls of Baking powder.

Three teaspoonfuls of salt.

Three quarts milk.

Fry in deep fat.

"The secret's in the mixing," said "Ma."

## Notice of Annual

## School Meeting

NOTICE IS HEREBY GIVEN to the legal voters of School District No. 108 of Clackamas County, State of Oregon, that the ANNUAL SCHOOL MEETING of said District will be held at the High School; to begin at the hour of 8 o'clock P. M. on the third Monday of June, being the 16th day of June, A. D. 1919.

This meeting is called for the purpose of electing one director, and one clerk and the transaction of business usual at such meetings.

Dated this 20th day of May, 1919. Bert H. Finch,

Chairman Board of Directors.

ATTEST: Mrs. Susie Sarver,  
5-29 6-12 District Clerk.

Alba Bartholomew, of White Salmon, Wash., arrived last Saturday to visit relatives. Mrs. E. E. Saling met him in Portland.

## NOTICE

During next week I shall be away and my office will be closed. I will be back Monday, the 23. Dr. L. A. Wells.

Fifty signatures having been secured to guarantee the Chautauqua, it will be held here another year. It takes two or three years to get its value recognized and then it is looked for as a matter of course.

## HOGS

I BELIEVE IT IS BETTER TO  
SELL ALIVE THAN DRESSED!

FIRST—Because most  
people do!

SECOND—Because of  
quick returns!

THIRD—Because of  
Government inspection!

When fat, would be glad to  
figure with you.

Will GUARANTEE highest  
prices at all times.

Market reports daily by wire.

## Good oil is cheaper than parts

"A quart of oil"—any oil—is  
better than no lubrication.

But why not ask for Zerolene  
and know that you are getting  
Correct Lubrication?

By exhaustive study and actual tests the Standard Oil Company Board of Lubrication Engineers has determined the correct consistency of Zerolene for your make of automobile. Their recommendations are available for you in the Zerolene Correct Lubrication Charts. There is a separate chart for each make of car.

Zerolene is correctly refined from selected California crude oil. It keeps its lubricating body at cylinder heat, holds compression, gives perfect protection to the moving parts and deposits least carbon. It is the product of the combined resources, experience and equipment of the Standard Oil Company.

Get a Correct Lubrication Chart  
for your car. At your dealer's or  
our nearest station.
