

Goodyear Tires

Built as well as we know how, the Goodyear tire has come to a stage of perfection. Years of experience has taught us a great deal and you who use the Goodyear get the benefit of years of experience. Its reputation and employment are steadily and swiftly gaining, as word of its advantages become more widely spread. Today it is the standard equipment on a pronounced majority of the finest motor cars built in this country. Goodyear cord tires cost more money to build than do tires of an earlier type. It is the experience of users, that despite the somewhat higher cost the Goodyear cords cost less in the end.
