CHAPTER XI

"WHEN NORTH WAS SOUTH"

The big fire destroys much of the old town near Mountain King. The gold that has been taken out of the mine is in danger.

Bonner and the minister are to have charge of the gold removal. "Harelip" and "The Baron" knock out Bonner and his partner. They are gagged and the boat is in the hands of the gang. "The Baron" who is steering, loses his helm in the dark and the boat swings round. They steer for the same dock they have left. There the gang is met by Bonner, Murphy and the minister who recapture the gold boat after a fight.
