War Souvenir

A real, practical memento of the great war, has been placed by the Treasury Department, through the Oregon War Savings Stamp organization, within the reach of every boy and girl in the state.

This memento is nothing less than a real bomb, or hand-grenade made originally for use by American doughboys in their fight for right and the liberty of the world. Fortunately some 15,000,000 of these grenades were not needed. The armistice was signed before they had been sent over-seas, but Uncle Sam, a thrifty person himself, doesn't want the labor and material used in making these bombs to be wasted, so he is turning them into little banks, and has a plan whereby every American boy and girl may earn one. This provides that a grenade shall be awarded to every school pupil, 10 years old or younger, who, can at the opening of school in September, exhibit to his teacher one War Savings Stamp purchased with money earned by him during vacation, and who takes with his Stamp a story showing how the money was earned. Pupils, boys and girls, over 10 years, will be presented a hand-grenade bank, if they exhibit two War Savings Stamps, bought with money earned during vacation, and also have a little story showing how they earned money.

These grenades, of course, will be perfectly harmless. The deadly explosives they would have carried on their way to the Hun have been removed, so that the shell alone remains, and in each grenade a slot large enough to receive a dime has been cut. Thus, the grenade becomes a nifty, strong, little savings bank.

Following are some suggestions as to how boys may earn money during vacation: Carrying a newspaper route; fruit-picking and harvesting; helping in the stores; office boy work; grass cutting and delivering milk. Girls may earn spare money by caring for babies; making fancy work; washing dishes; cleaning, and also by working in the harvest fields, if they are strong and healthy girls.
