

## Goodyear Tires

Built as well as we know how, the Goodyear tire has come to a stage of perfection. Years of experience has taught us a great deal and you who use the Goodyear get the benefit of years of experience. Its reputation and employment are steadily and swiftly gaining, as word of its advantages become more widely spread. Today it is the standard equipment on a pronounced majority of the finest motor cars built in this country. Goodyear cord tires cost more money to build than do tires of an earlier type. It is the experience of users, that despite the somewhat higher cost the Goodyear cords cost less in the end.

### NEW FORDSON PRICE

The Estacada Fordson agents wish to announce the new price on this machine for the year, namely \$750 F. O. B. at the factory, Dearborn, Mich. Place your order NOW to insure delivery in time for fall work. Vick Bros., the state distributors say it will be necessary for them to receive orders early, so they will have time to send their estimate to the factory to insure delivery for fall work. **DON'T DELAY BUT ORDER NOW.**

The O. A. C. has an ad in this paper which will run for eight weeks. This excellent institution is so well known that anything we might say would be superfluous. But we would urge every boy and girl to read and ponder well what it says. This is the year for highly specialized work, and the unprepared have slight prospect of getting ahead nowadays. One can no longer pick up a trade or profession and make it a success.

### M. E. Church
