SCHOOL PRINCIPALS MAKE EXCHANGE

By and with the consent of the various school boards interested, Principal M. B. Signs of the Estacada schools will exchange positions with Principal F. E. Burns of the Boardman, Oregon, schools. By this arrangement, Mr. Burns will be nearer Portland, where his daughter will attend Reed College, and Mr. Signs be benefited by a \$400 increase of salary.

Principal Burns comes highly recommended, and his former position was an important one. Boardman is the commercial outlet of a 12,000 acre irrigation project in Morrow county, and is located on the Columbia River and the main line of the O. W. R. & N. Co. The district is 18 miles long and 9 miles wide, and the pupils are brought to school with motor busses. The school plant includes a 10 acre tract, being developed with gardens, play grounds and athletic field, while the second and third units of a \$50,000 high school are in the course of construction.

We regret the departure of Mr. Signs and take this opportunity of expressing our thanks for the courtesy and help, he always extended to us, in furnishing data of the school work and other ways. We were in sympathy with his efforts to increase the efficiency and usefulness of the schools in the community, and thus cause them to yield greater returns for the money expended on them. We bespeak for him and his family a hearty reception from the people in his new field.

Club Meeting Postponed

Owing to the rush of harvest, the regular monthly meeting of the Eastern Clackamas community club, has been postponed one week, to Friday, September 5th. A splendid program is being arranged for that evening, notice of which will be given next week.

OLD RESIDENT PASSES

W. W. Boner one of Estacada's first residents, coming here before the incorporation of the town, passed away last Tuesday morning, after an illness of some months.

William Wesley Boner was born in Ohio, February 28th, 1850. As a young man he lived in Indiana, and later in the middle west. Coming to Oregon in 1903 he located in Estacada, where he built several of the houses and other buildings, the DuBois house being one of them. He had three children by a former marriage, Ed. Boner of this town, Arley Boner of Valley Junction, Ia. and Hattie Kirby of Harlan, Ia. These with a widow survive him.

The funeral was held at his late residence this afternoon at two o'clock, the Rev. J. F. Dunlop of the M. E. Church officiating, with interment in Lone Oak cemetery, under the direction of Undertaker Holman of Portland.

LOWER EAGLE CREEK

Sunday morning the neighborhood was thoroughly aroused by the general fire alarm on the telephone. The barn of Mrs. Harger had caught fire but the alarm came too late to save it. The building with its contents was completely destroyed. The latter consisted of ten tons of hay, a set of harness, some farm implements and a calf which is a great loss for Herman Harger as only the barn carried a small insurance.

Millard Trullinger has arrived home from Fort Leavenworth, Kansas, where he had been guarding conscientious objectors for Uncle Sam.

Miss Munich who is to teach the upper grades in our school was looking over the field last Saturday.

Dr. L. Wells has returned from his vacation.

Mrs. C. F. Howe went this morning to Eagle Creek to visit friends for the day.

The picture you will see Labor Day at the Family Theatre, is being run this week at the Strand in Portland.

HARVEST PICNIC

The Garfield Grange will give a Harvest Picnic, in the Garfield Country Club Park, on August 30th. The program for the afternoon, will consist of music, recitations, community singing, and speeches by prominent members of the grange and community.

Bring your dinner and enjoy the day in the cool shade of the park. There will be dancing in the club house in the evening.

Later: The above picnic on account of the rush in the harvest fields, has been postponed to Saturday, September 6th. Please take notice.

Monday, Labor Day will be celebrated here with style. The fraternal order of United Artisans has staged a mammoth picnic and excursion. A special train of twenty-five cars, will bring crowds from Portland, and there is no knowing how many will come by auto. The program which is given below, is a notable one, which assures an exceptionally good time, and one long to be remembered by those participating in it. As a local lodge of this order, has been recently organized in Estacada, our citizens should show their interest by turning out as everyone is invited to join in the fun.
