**Tire Tape Very Useful**

Tire tape is to the automobilist what a bandage is to a Red Cross nurse, and a man who drives a car would as soon think of leaving it out of his tool box as a Red Cross nurse would think of leaving a bandage out of her first-aid kit.

The United States Tire Company advises all its patrons to include a roll of its tape in their equipment. Its uses are innumerable. It is most frequently used to reinforce bad spots caused by blow-outs and punctures. It is also valuable for winding "leaky" electric wires or making temporary repairs to broken rods or rattling parts.
