Why the Electric Cleaner?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removes dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

Game Warden's Bulletin

In an opinion given by the Attorney General George M. Brown to Mr. M. A. Biggs, District Attorney for Harney County, the shooting season for ducks, geese and other migratory water fowl has been definitely settled. Confusion has existed in the minds of many shooters on account of a difference in the Federal and

State seasons. The State cannot legislate within the closed season of the Federal regulations but it can legislate within the open season. The Federal open season is three and one-half months, but the State, if it cares to, may close any portion or all of this Federal open season. The shooting season, therefore, which must be observed by hunters throughout Oregon, is as follows:

For Multnomah, Clatsop, Columbia and Tillamook Counties, the open season begins on October 1st and closes December 31st. In all other counties of Game District No. 1, which comprises all that portion of Oregon lying west of the summit of the Cascade Mountains, the season opens on October 16th and closes on
