**Why the Electric Cleaner?**

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removes dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

**"Ever Occur to You?"**  
 says the Good Judge

That it's foolish to put up with an ordinary chew, when it doesn't cost any more to get real tobacco satisfaction.

Every day more men discover that a little chew of real good tobacco lasts longer and gives them real contentment.

There's nothing like it.

**The Library Association**

The directors of the above association are very busy cataloging a supply of new books, the larger portion of which represent a donation from Mrs. R. Morse. The association has now between fifty and sixty members but should have many more. A family membership is only a dollar which entitles them to the books they want without further payment, until July. Non members must pay 5 cents for each volume taken out.

There will be no services at the Methodist Church on Sunday.
