

Why the Electric Cleaner?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removes dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

The Roosevelt Creed

I believe in honesty, sincerity and the square deal; in making up one's mind what to do--and doing it.

I believe in fearing God and taking one's own part.

I believe in hitting the line hard when you are right.

I believe in speaking softly and carrying a big stick.

I believe in hard work and honest sport.

I believe in a sane mind in a sane body.

I believe we have room for but one soul loyalty, and that is loyalty to the American people.
