

Why the Electric Cleaner?

There is really no comparison between the ease and thoroughness with which an Electric Cleaner removes dirt and the difficulty of sweeping.

True, one CAN clean rugs and carpets without an electric cleaner. A broom or carpet sweeper will brush up SOME of the dirt; and if you like the exercise and have plenty of time and strength a broom and a carpet beater will do the work after a fashion.

In the same way one can wash without soap. Water alone will remove some dirt if applied with enough "elbow grease."

But people use soap because it cleans more easily and better than water alone.

For the same reason people use Electric Cleaners because they clean more easily and far better than other methods.

HOGS!

The farmers have found it most practical to dispose of their fat hogs over the "Hog Special" route, which has been hitting it up to the tune of three trips a week. One man had to butcher his hogs for he did not keep in touch with the general manager.

Better secure your seats
early, it's easy.
