KAHN'S COMMON SENSE

Teaching of thrift and increased investment by the people of America in government savings securities, War Savings Stamps, Treasury Certificates and in savings banks are methods advocated by Otto H. Kahn of New York for relieving the economic situation engendered by the high cost of necessities.

This suggestion by the eminent partner of the firm of Kahn, Loeb & Co. was made in an open letter to an unnamed government official at Washington. As a check to waste and certain forms of useless extravagance, Mr. Kahn advocated the establishment of a federal bureau of salvage which would instruct the people of the United States on the possibilities of recreating wealth from the scrap heap. He points out that the government in the last three years has saved over \$500,000,000 in this manner.

Thrift Will be Taught In All Oregon Schools

Oregon Agricultural College, Corvallis, Jan.—Competition for the \$50 prize offered by the Oregon Bankers' association for the county whose school children most diligently carry out the nation-wide thrift program in Oregon, is now open to the children of Clackamas county. Thrift will be taught in all city and country schools of the county and the thrift campaign here will be directed by T. E. Calavan, county school superintendent. This prize was won last year by Wasco county and the year before by Jackson.

The plan of thrift education was originated by J. A. Bexell, dean of commerce at O. A. C. It has been widely adopted by the United States government and put in charge of the treasury department.

The thrift campaign in Oregon is conducted by the treasury and agricultural department of the federal government, Oregon Bankers' Association, Oregon State Teachers' association, Oregon Agricultural college and state department of education. J. A. Churchill, superintendent of education, was appointed state director by the federal treasury.

Thrift education will be made a part of the regular school work this year in all schools. Habits of thrift will be made attractive to girls and boys to teach them the value of money, strengthen the country, and better the communities in which they live.

Funds for carrying on this work are supplied by the federal government. The program covers the period from 1920 to 1925.

The thrift cards will be filled out in ink by the pupils and handed to the teacher the last Friday in each month for checking.
