A little of the Real Tobacco Chew gives more genuine satisfaction than the big chew of the old kind.

Saves money, too—because this class of tobacco lasts much longer. The rich tobacco taste stays right with it.

Any man who uses the Real Tobacco Chew will tell you that.

Dear Mr. Gibbs:—
I wish to thank you for your very kind letter of March 8 relative to the Millage Measure. I assure you I appreciate it very, very much.

Again thanking you for your splendid attitude in the matter, I am
Respectfully yours,

FROM THE PRESIDENT OF THE
O. A. C.

Dear Mr. Gibbs:—

I want to thank you for your very kind letter of the 8th instant and to assure you of our sincere appreciation of the splendid support that you are giving the Higher Educational Measure.

As you say, these institutions are facing a very serious crisis. Without the funds provided in the Millage Tax Measure, it will be impossible for them to take care of the situation.

The support being given the measure is very encouraging

and we trust that a favorable vote will be recorded on May 21.

Again thanking you, and with kindest personal regards, I am

Very cordially yours,
W. J. Kerr.

UNIVERSITY OF OREGON
EUGENE

My dear Mr. Gibbs:

The editorial clipping from the Eastern Clackamas News of recent date is just at hand. Very many thanks for your hearty support of the educational bill. The editorial was right to the point, and will undoubtedly do a lot of good.

The crisis is really acute at the higher educational institutions and relief must be secured as speedily as possible. It is just a question, it seems to me, as to whether Oregon is going to take a first rate or a second rate position in Pacific Coast matters. A great immigration is coming to the Coast, and the state must be in a position to attract the best class of families. If the higher educational institutions are not adequately supported, we shall undoubtedly lose to Washington and California.

The most important argument however, is of course, the duty that we all have of taking the right care of our own sons and daughters. The statement made by Mr. Fisher, Minister of Education in England in support of a bill greatly increasing expenditures for education in England that "Education is the eternal debt which maturity owes to youth" is a profoundly true one. In the face of enormous war expenditures, England made the heaviest appropriations in her history for popular education. It is both an investment and a safeguard for civilization.

Again thanking you for your deep interest and hearty support, I remain

Very sincerely yours,
P. H. Campbell, President.
