Mr. and Mrs. Robert Snyder and son Robert of Estacada, and Mrs. Ames and children Roy and Gladys, of Portland, visited Mrs. Snyder's sister, Mrs. Ted Harders last Sunday.

**If----**

An Oregon family of four, had \$100 a month to get along on in 1913, but had grown into a family of ten with only \$45 a month income in 1920, how in the world would it live?

**That Is the Case With**

The State University, the Agricultural College, and the Oregon Normal. In 1913 they had 2250 students; now they have 5400. And \$1.00 in 1913 is only as good as 45 cents today, in purchasing power.

**If You Yourself Were Responsible**

could you carry on the work of the College, University and the Normal on the same state support as in 1913?

**You Could Not.**

Neither can the State University, the Agricultural College, and the Normal School do it. Will you not help these three institutions to continue their useful and productive work for Oregon by voting on May 21 for the Higher Educational relief measure?

Paid advertisement inserted by Colin Dymont in behalf of the Joint Alumni Relief Committee for Higher Education in Oregon, 514 Pittock Block, Portland.

**Home Demonstration Helps Women**

Women of Clackamas County have received considerable aid in the way of household methods through the home demonstration agent. Aside from receiving assistance in canning and drying, forty-seven women were taught how to make dress forms, 20 to make iceless refrigerators and 15 to keep household accounts. Hot lunches were installed in several of the schools.

During the chautauqua daily talks and demonstrations were given by the home demonstration agent on whatever subject the women requested. Special assistance in nursing and first aid work were also given at this time by Mrs. Height, of the college. The services of a college instructor in clothing work was given in June and during October and November Miss Lane assisted in child feeding.

Aside from the \$500.00 contributed by the county for expenses for 1919 the balance was taken from college funds.

Oscar Anderson, O. A. C.

**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

# Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

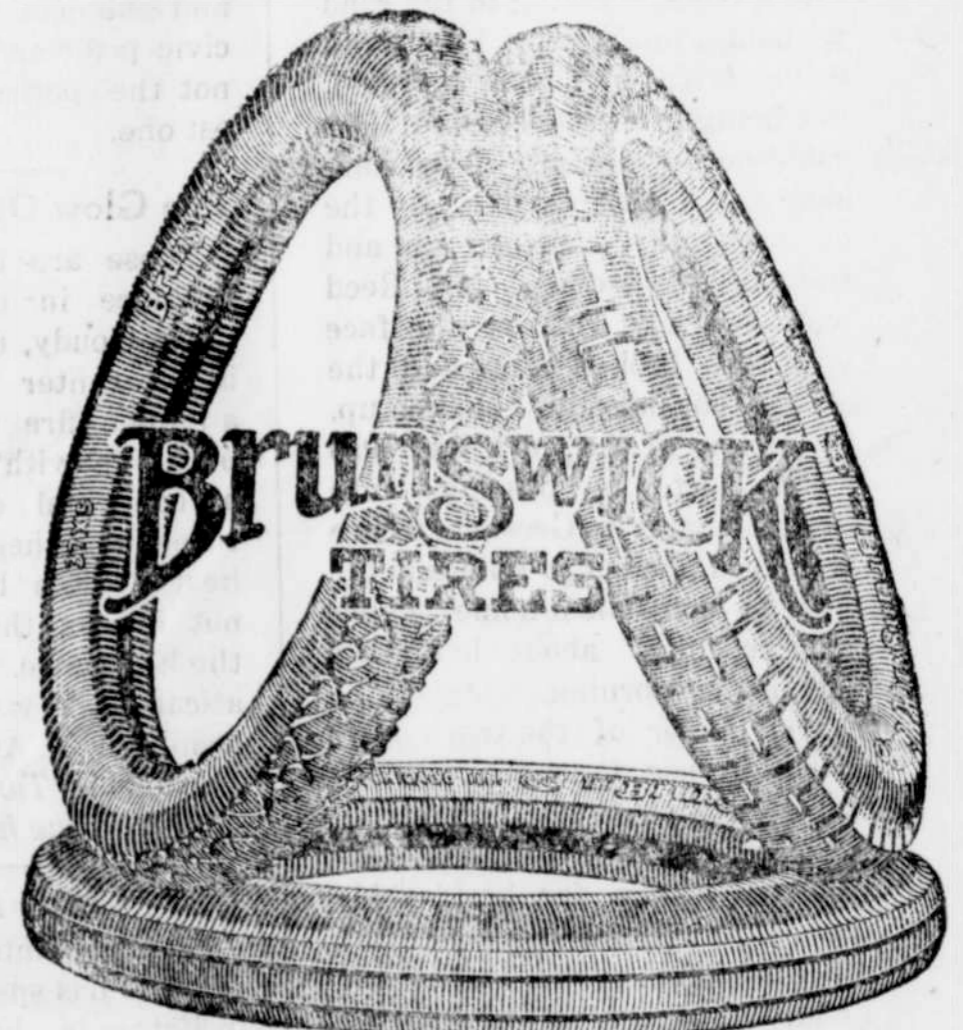

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spreads the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.
