How would YOU  
like a raise  
like this?

— and for  
34 Years Work

**T**HAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more *per church member* than he was paid 34 years ago.

#### The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

#### We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

#### We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plan, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

## INTERCHURCH WORLD MOVEMENT

45 WEST 18th STREET, NEW YORK CITY

The publication of this advertisement is made possible through the co-operation of 30 denominations.

Rev. Edward Wright will fill his appointment here April 25th instead of next Sunday.

Mrs. M. A. Wright and daughter Dorris of Oakland, Ca'f., are here visiting at the C. E. Allen home.

#### No Tax Increase

No direct property tax whatever is required for the state highway bonds to be issued under the constitutional amendment to be voted upon at the election May 21. The measure is for increasing the state road bond limit from 2% to 4% of the assessed valuation of property within the state, thus making it possible to issue sufficient bonds to complete the main state highways.

Principal and interest for these bonds are financed entirely by the auto license fees and gasoline tax, without any necessity for increasing either the license fee or the tax above the rates now being paid. At present rates, figuring only on a small increase in the number of autos for the next few years, the revenue from these sources will not only take care of interest and principal of all bonds that can be issued under the 4% limit, but will leave an annual surplus to be expended for other state highway purposes. No direct tax on property is required, and no increase either in auto license fees or gas tax.
