VOLUME 13, NUMBER 31

ESTACADA, OREGON THURSDAY APRIL 22, 1920

\$1.50 PER YEAR

J. W. REED WILL RUN FOR COMMISSIONER

At the last moment for filing J. W. Reed yielded to the wishes of his friends and decided to become a candidate for County Commissioner. It is unnecessary to say that this action means a distinct sacrifice of time and money on Mr. Reed's part, should he receive the nomination. He is one of the best known men in the County as a progressive business man, a successful road builder and a man of splendid judgement. He has been Mayor of Estacada and for many years school director here. The present modern school buildings of this town were largely the result of his initiative and effort. If nominated and elected he will give to the affairs of the County broad and mature judgement and a progressive activity which will produce results along the lines of the greatest good for the entire County.

We feel certain the people of this section will get behind Mr. Reed in a practically unanimous manner, knowing as they do the benefit to the County of having him as a Commissioner.

Reserved Seats on Sale at Estacada Drug Store.

Logging Accident

Last Thursday Fred Stone a young boy of 18 years of age, who was employed at the Dyer's logging camp near Barton, was struck by a small timber while at work in the woods. It caused a compound fracture of the right leg. He was promptly brought into camp, and Dr. R. G. McCall was sent for, who reduced the fracture and attended to him until the ambulance arrived from Portland which took him to the hospital. The young man had only been working about two weeks and his home is at Lents Junction.

Eastern Star Visited

The local branch of the Eastern Star, Mountain Chapter No 108 was officially visited by the Worthy Grand Matron of Oregon, Mrs. Alberta McMurphy of Eugene, Ore. last Monday night. The work was beautifully exemplified which elicited some very flattering encomiums from the visiting official and others. Although the chapter was not positively certain until the arrival of the 4:25 P. M. train, that the inspection would be held, yet an excellent lunch was prepared to which all present did ample justice.

Transfers For The Week

Through the office of the Cary Real Estate Co. 10 Acres in Section 21-3 ST 4 E. to N. A. Niedenthal.

Eva M. Rhoades Lot Four in Block Seventeen to Matthew Lonsberry of Vancouver, Wash.

C. Whitbeck place of 20 acres to Frank J. Covert of Jennings Lodge, Ore. He will bring his family out about the first of May. The Contract has been let to place the house in first class condition before the arrival of the family.

If our worthy mayor is elected representative, Estacada may pride itself on having a citizen in the legislature who for good looks will be hard to beat. Now there is woman suffrage it is by no means a slight advantage to be an Adonis.

Obituary

John P. Irvin died at the home of his son John T. Irvin in Estacada, on Saturday, April 17, 1920, at the age of 84 years, after a lingering illness. He was born in Jessamine Co., Kentucky, February 26, 1836.

At Independence, Missouri, he was united in marriage to Mary K. Shortridge, August 29, 1862. To this union were born ten children of whom five are now living Alice M. Folsom, John T., Frank M. and J. Alex and William K. Irvin. Besides these there are fourteen grand children and six great grandchildren. His wife passed away seven years ago.

The deceased came to Oregon in 1875 residing at Salem until 1880, when he moved his family to his farm in Garfield whence he came to Estacada. He will be much missed as he was a man of many amiable and sterling qualities. The funeral services were held Tuesday at Mt. Zion Church the Rev. Lawrence Trullinger of Anabel officiating, with interment in the cemetery by the church. R. R. Carlson of Gresham was the undertaker.

A Barton Basket Social

At the Barton Hall April 17th, the annual school basket social was held. An entertaining program had been arranged by the teacher Miss Antonia Liest, which was very creditably rendered by members of the school and others. Musicians from Portland added to the enjoyment of the occasion. Superintendent Vedder spoke earnestly for the two mill school tax and aroused much enthusiasm for the measure.

Altho the season was backward the baskets were adored with many beautiful flowers and were sold at auction. That of Miss Jessie Odell which represented an aeroplane sold for the highest price. The proceeds of the entertainment amounted to the gratifying sum of \$121.00.

The California girls which were advertised to appear in person, at the Family Theatre last Tuesday night, did not come. A five reel feature was however given.

ALFRED DRILL IS PROMOTED

A well earned promotion has been gained by Alf Drill at Farady, who has just been appointed Chief Engineer of Power plants of the P. R. & L. P. Co. Mr. Drill has been eighteen years in the employ of this company, and for the last nine years Superintendent of Water Power Plants known as Station G. Bull Run, Station M. Estacada, Station B. Oregon City and Station O. Pull Run. He will take up his new duties at once, which will necessitate his removal to Portland, where he will be followed by his family after the end of the school year. Mr. and Mrs. Drill will be greatly missed here, as they have lived in this vicinity for the past fourteen years and both he and his wife have been prominent in social and masonic circles.

F. G. Robley who has been assistant superintendent of water power plants takes Mr. Drill's former position while his successor has not yet been named.

The Denim Brigade

Denim brigades are now the thing evidently, in the effort to bring down the high cost of clothing. Judges are wearing it on the bench, doctors on their calls, bankers and cashiers behind the counter, school teachers in class rooms, possibly preachers in the pulpit, merchants and all sorts and conditions of men. We questioned our mayor whether he would set the vogue in Estacada and he replied he had a sort of khaki suit he wore on his California trip and might wear that.

The only trouble is that already a shortage in overalls is manifesting itself and soon they will be either unattainable or else the price will soar so that it will be cheaper to buy woolen goods.

The question of high taxes and their reason why will be discussed tomorrow night at 8 o'clock, by Chris Schuebel and others in the Family Theater.
