The State University Agricultural College and the State Normal

have for many years spent less money per student per year in training Oregon boys and girls than is spent at any other state institution. The present cost at the State University is \$203 a year; at the College, it is \$180. But even before the war, when money would buy twice as much as it buys now, the average cost at all other state institutions was \$325 a year. In addition

Their Building Investment is also very low

At the State University it is at present \$322 per student; at the College, \$300. But in state institutions elsewhere, statistics show the average to be \$995. These are convincing proofs of economical administration, but the three institutions can no longer give satisfactory training to the vast numbers of Oregon boys and girls (5400 in fulltime courses alone), unless they receive more support. ON MAY 21 THE HIGHER EDUCATIONAL RELIEF MEASURE WILL APPEAR ON THE BALLOT. YOU ARE URGED TO PRESERVE THE QUALITY OF HIGHER EDUCATION BY VOTING FOR IT.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.
