Auto License Fees

No increase in auto license fees is required in order to pay the interest and principal of all state highway bonds that can be issued under the pending 4% constitutional amendment that will be voted upon at the May 21 election. Neither is any increase required in the gasoline tax. Nor is any tax on property

involved.

Revenue from the auto license fees and gas tax at present rates will be ample to care for both interest and principal of all the bonds that can be issued under the 4% limitation.
