Every Oregon Boy and Every Oregon Girl

Is a possible College Student

Oregon sends a bigger percentage of its children to college than any other state, without exception.

That is one of the State's proudest records

No state can have too much education. Education is the safeguard of freedom and of right, and higher education is the capstone of the public school system. But higher education in Oregon is in great danger. The State University and the Agricultural College have twice as many students as they have income to train.

Protect these Schools and their great work

by voting on May 21 for the Higher Educational relief measure. Higher Education pays the state in dollars and cents, in improved living, in scientific progress, in farm, orchard, garden, and stock ranch development, and in the better quality of its public and high school teaching.

Why You Should Vote For : C. SCHUEBEL FOR : : State Senator

BECAUSE

- He prepared and passed the law taxing water power.
- The Law regulating Hours of labor in mills and factories.
- The General Fund Bill which saves the State about \$10,000 annually in payment of interest.
- The repeal of \$1,000,000 standing appropriations.
- State Board of Conciliation and Arbitration law.
- The Foreign Corporation License Fee law, which adds about \$85,000 to the general fund annually.
- Amendment to the Inheritance tax law which adds \$435,000 to the general fund annually.
- BECAUSE HE HAS PREPARED THE FOLLOWING LAWS AND WILL ENDEAVOR TO PASS THEM:**
- The law that will assess corporations at the same rate as farmers and small property owners. This will add about \$10,000,000 to the assessed valuation of Clackamas County.
- Alien Ownership of land law. Must become a citizen to own land in Oregon.
- Equalizing fees of domestic corporations, which will compel large corporations to pay at the same rate as small corporations. Will add approximately \$100,000 to the general fund annually.
