Grange Notes

Garfield Grange held a very interesting and instructive meeting May 1st, which was attended by 30 of our members and several of our little Grangers. We initiated three candidates through the mysteries of the 1st and 2nd degrees and ran seven applications on the table to be initiated next month. Strangers need not ask any more what that white building in Garfield is, as we now have the name and number of our Grange on the hall. We served as usual the birthday cake. Lecture hour was taken up with singing and discussion. Resolutions, were passed by a unanimous vote; condemning the abuse of the emergency clause at the special session of the state legislature and to defeat any candidate who at this session supported the flood of bills with the emergency clause attached, also commending Governor Olcott from vetoing more than thirty of these bills and recommending the drawing up of a bill to safeguard the referendum privilege.

"You Can't Get Away from It"
says the Good Judge

A little of the Real Tobacco Chew gives more genuine satisfaction than the big chew of the old kind.

Saves money, too—because this class of tobacco lasts much longer. The rich tobacco taste stays right with it.

Any man who uses the Real Tobacco Chew will tell you that.

Put Up In Two Styles

RIGHT CUT is a short-cut tobacco
W-B CUT is a long fine-cut tobacco
