**Rural Credit Loans**

If you are looking for Rural Credit loans on the 20 year plan, call on S. E. Wooster & Son, and they will tell you all about it. You can borrow 50 per cent on your farm value, at 6 per cent. By our plan you can forget you have any principal, as the annual payments are gradually wiping out the principal loan. You can, therefore, with perfect safety, devote your surplus funds to improvements, purchasing additional live stock or land or for any of the many other purposes for which money is always needed on a farm.

**Grandfather**

When our worthy mayor returned from Molalla, Saturday, he received a telegram, which caused him to forget for the moment his election campaign and other troubles. It was from Mrs. Bartlett informing him that twin girls had arrived at their daughter's Mrs. R. L. Smith's, home in Colton, Calif. all doing nicely.

While the mayor was expecting that a boy or a girl would arrive shortly, he was hardly prepared for two of a kind. It rather took his breath at first, but he soon rallied and imparted the joyful news to his many friends who accorded him the heartiest congratulations. This event should prove most auspicious to his campaign for representative, as twin grandchildren should put him in the Rooseveltian class, and send him over the top with a rousing vote.

**Harvest With a Case Kerosene Tractor**

This is the new and better way. It means more work, easier work and done exactly when you want it.

The Case 10-18 Kerosene Tractor pictured above is especially recommended for haying and harvesting. It is the smallest of our four sizes.

It is the simplest, most powerful tractor built. It will pull two 14-inch plows under all reasonable conditions, two 6-foot binders, a 22-shoe grain drill, a 5-section spike-tooth harrow, an 8-foot double action disc harrow or a large manure spreader.

For belt work it is very practical. It will easily drive a Case 20x28 Thresher with feeder and wind stacker, a No. 12 Case Silo Filler with 40-foot blower, Baling Press, Feed Mill, Small Corn Husker or Sheller.

This tractor is used by progressive farmers all over the land. It is made by the J. I. Case Threshing Machine Company, famous for 77 years among farmers. No tractor is its equal. No finer can be built.

We will be glad to tell you all about this and other Case Tractors if you will give us the opportunity.
