Shriners' Program

On June 22nd at 9 A. M. there is a daylight Shrine Parade.

This parade will probably last three hours and will be one of the largest parades of the week.

In the afternoon of the 22nd at 1:30 P. M. the lightweight championship contest of the world at the baseball grounds will be held. In the evening there will be an electric parade in which the Shrine has spent \$30,000 in building new floats. This will be one of the most gorgeous affairs that has been given in the West. During the day from 10 A. M. till 11 P. M. 75 bands will be playing at different places in the city at convenient band stands or placed on the street corners.

On June 23rd will be band concerts and the night Shrine Parade, starting at 8: P. M. This will be one of the largest parades to occur during the week and in which the various patrols and Arabian horses brought here for the occasion will participate. This will also be the big day at the Oaks Park.

Thursday, the 24th, will be the rose decorated vehicle parade occurring at 3 P. M. Massed band concerts of 65 bands at Multnomah Field and exhibition drills by the various patrols at the same field.

On Friday, the 25th, the closing day of the Rose Show and a duplication of the electric parade of Tuesday night.

We are arranging to provide additional cars for our regular service to and including Gresham and beyond Gresham to and including Estacada and Bull Run we are providing extra trains as follows:

All vehicular traffic will be barred from the downtown district after 10 A. M. every day during the entire week. The congestion over the various bridges will be heavier than ever experienced in the history of Portland and the Police Department and Shrine Committee are asking that all persons patronize the railway companies and do not bring their machines into the center of the city.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.
