

Store Changes Hands

Last week a deal was concluded between A. E. Sparks and G. P. Rose whereby the former sold the East Clackamas Supply store to the latter. Mr. Rose came here last January from Yaquina, Ore., and purchased the former residence of L. C. Posson. He knows the mercantile business from A to Z and in his ad this week he has something of general interest; look it up.

To Keep American Ships on' the Seas

For the first time since the Civil War we have a real merchant marine. It cost us \$3,000,000,000 to get it.

The farmer, manufacturer, laborer—every American is interested in holding our position on the seas.

As a first step in this direction it is necessary to modify those articles of existing commercial treaties which have operated to thwart the upbuilding of our merchant marine—

By giving the notice of termination for which the several treaties provide.

This action is directed in the constructive Shipping Bill now before Congress;

Which declares it to be the policy of the United States "to do whatever may be necessary to develop and encourage" a merchant marine.

This policy deserves the support of every American.

Lacking this support the present effort to maintain our merchant marine may suffer the fate of many ineffective attempts of the past.

Send for a copy of "For an American Merchant Marine."
