**THE UNIVERSITY OF OREGON**

—is maintained by the state in order that the young people of Oregon may receive, without cost, the benefits of a liberal education.

The University includes the College of Literature, Science and the Arts, the Graduate School, the School of Physical Education, and the professional Schools of Law, Medicine (at Portland), Architecture, Commerce, Journalism, Education and Music.

High standards of scholarship are made possible by an able faculty, well equipped laboratories and a library of nearly 100,000 volumes.

Supervised athletics are encouraged and every attention given the health and welfare of the students.

With a heightened confidence gained by the recent expression of public support, the University is now entering upon an era of large development and extended usefulness.

Mrs. James Smith visited friends in Currinsville, Tuesday.

Mr. and Mrs. William Dale visited the Stubbs family on Sunday, at Gresham.

Mrs. Fred Smith and mother, of Jennings' Lodge, Ore., are guests of Mr. and Mrs. F. J. Covert of this place.

The rooms over the bank are being papered and painted and put in order for their occupancy by Mr. and Mrs. H. C. Stephens.

Miss Marion Dunlop leaves Saturday for Portland, and on Monday will proceed to Umatilla where she will teach the coming school year.

Harry Snyder accompanied by W. A. Hardman of Faraday, left Monday for Mt. Hood. As they returned the next day they evidently did not intend to hike up the mountain.

Mr. and Mrs. D. H. Morgan with their two sons, started last Friday on a vacation trip in their car to Tillamook and Cannon beaches. They plan to be gone about ten days.

Mr. and Mrs. S. P. McWillis have returned from a month's visit to Newport and neighboring points. They report that the weather was cold at the coast while they were there.

The Misses Jessie and Raby Armstrong with their brother Eugene, all of Portland, are visiting this week with their brother and sister-in-law, Mr. and Mrs. George Armstrong of Garfield.

Miss Jennie Burns, sister of Prof. F. E. Burns, who has been visiting him some weeks, started on her return home at Hillsdale Mich., on Monday. She was accompanied as far as Portland by Mrs. Burns.

Mrs. D. B. Bass and daughter, received a telegram Sunday to join her husband on his vacation. They left here Sunday evening for Caldwell, Idaho. They all expect to return to this city about Sept. 1.

Mrs. O. E. Smith and children, Walter and Lois, are visiting for some days with the husband and father, Mr. O. E. Smith, at La Grande, Ore., and incidentally to visit Mrs. Smith's brother, Dr. Geo. E. Dale and family at Wallowa, Ore.

**\$100 Reward, \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

**Harvest With a Case Kerosene Tractor**

This is the new and better way. It means more work, easier work and done exactly when you want it.

The Case 10-18 Kerosene Tractor pictured above is especially recommended for haying and harvesting. It is the smallest of our four sizes.

It is the simplest, most powerful tractor built. It will pull two 14-inch plows under all reasonable conditions, two 6-foot binders, a 22-shoe grain drill, a 5-section spike-tooth harrow, an 8-foot double action disc harrow or a large manure spreader.

For belt work it is very practical. It will easily drive a Case 20x28 Thresher with feeder and wind stacker, a No. 12 Case Silo Filler with 40-foot blower, Baling Press, Feed Mill, Small Corn Husker or Sheller.

This tractor is used by progressive farmers all over the land. It is made by the J. I. Case Threshing Machine Company, famous for 77 years among farmers. No tractor is its equal. No finer can be built.

We will be glad to tell you all about this and other Case Tractors if you will give us the opportunity.
