ESTACADA, OREGON, THURSDAY, SEPTEMBER 16, 1920

\$1.50 PER YEAR

HARVEST CELEBRATION, FRIDAY, SEPT. 24

The meetings of the Community Club for the Fall and Winter will be resumed with the regular meeting this month, which will be held Friday evening of next week, September 24th. It will be in the nature of a Harvest celebration. If the weather is favorable it will be held on the pavement on Broadway; otherwise in Odd Fellow's Hall. The Band will be present to enliven things; there will be community singing and other music and the usual good time is assured.

Everybody should come and bring supper, to be served at six o'clock. Coffee will be served by the Club. Don't forget the date.

The Club demonstrated its worth to the Community during the first year of its existence and it can be made of much more value if everyone gets in and works with a will for the upbuilding of this district. Be sure to come out and join the club if not already a member.

From Sunny California

To the Editor:

Enclosed you will find a check to pay my subscription for the NEWS. We all enjoy the paper and think the right man has finally got hold of it. To our old friends and neighbors I would say that we are fairly well and enjoying California's fruits as our grapes, peaches, pears, apples, lemons, prunes, blackberries, strawberries and tomatoes are all ripe now. It keeps us very busy taking care of all. We have enjoyed bathing in the briny deep this summer, though Mr. Bland would prefer his bath water a few degrees warmer. Eva has learned to swim and also took a flight in an air plane. They went about 2,000 feet up, remaining 15 minutes. She enjoyed it immensely and said it was heaven to her. We expect to go farther south this fall down around Covina. We often think and talk of the good times we had in Estacada for some stand out as monuments in our memories. We may come back and settle down there yet. I would like it better there if the sun shone a few more days in winter. But I do like the school in Estacada and hope it will keep up its standard and record it had a few years back. I also congratulate the Christian Church on having its new bell. I wish I could hear it ring. Sadie Ouray Bland.

Clothing Caught Fire

Mrs. Charles Kandel was standing by a heating stove Monday morning when a portion of her clothing caught in the damper and was set on fire. Miss Gladys Kandel, was fortunately near by, and seeing what had happened, had the presence of mind to take up a rug and wrap it around her sister-in-law, smothering the flames. In spite of this, Mrs. Kandel was severely burned about the body. Dr. Morse was hurriedly sent for, who attended to the injuries and made her as comfortable as possible. It will probably be some time before she gets over the effects of the shock and burns.

A Pretty Sight

The ginseng bed on the lot adjoining the Litchthorn house occupied by Mr. and Mrs. J. M. Melton, on Zobrist Street, is worth inspecting. The plants are now in fruit, and the rich red clusters of berries amid the green foliage present a gorgeous spectacle. There is a good demand for ginseng roots for medicinal purposes, the principal market being in China. They command a good price, which needs to be the case, for it takes five years cultivation before the roots attain marketable size.

Warning to Car Owners

O. M. Shields from the office of the Secretary of State, looking after automobile and truck licenses, has left orders with the town marshal to arrest anyone found running now without a license. If discovered will have to pay for a full year. All automobiles must have two white lights in front and one red light behind. Mr. Shields was accompanied by F. R. Goldstone of the Portland police station, who looks after lost cars.

School Enrollment

Supt. Burns reports that the school enrollment is not completed, but is progressing favorably and promises to exceed that of last year, in both the grades and high school. From the list of teachers given last week, it will be seen that they are all new except two on the High School faculty and two in the grades. It is customary to have a reception for the teachers soon after school opens. As far as the writer's experience goes, this is very poorly attended. We suggest this year that something be made of it, and a special effort put forth to get out a representative number of our citizens.

Mr. and Mrs. C. W. Seymour have been enjoying a visit recently from two old-time friends, Mrs. Marchal of Colby, Kan., and Mrs. G. C. Scutt from Camas, Wash.

BORN—To Mr. and Mrs. Geo. Forman, at Barton, a son, weight 8 pounds, with Dr. H. V. Adix, of Gresham, in attendance. Mother and son doing nicely at latest reports.

REXALL STORES TO TAKE STRAW VOTE

Who will win at the election Harding or Cox? In order to get some idea beforehand, a straw vote will be taken at the 8,000 Rexall drug stores in the U. S. In 1916 this method was adopted, and the result showed that it furnished a very reliable forecast. The Estacada Pharmacy is one of these stores and ballot boxes will be placed in it for receiving votes. The result in each store will be telegraphed daily to headquarters at Boston, Mass., where the figures will be compiled and each night sent back for display in each store. One interesting feature is that the ballots of women will be kept separate and thus the trend of their votes indicated.
