Poison Oak Sufferers

Poison oak is a malady which is of a most aggravating nature as well as painful. It seems almost impossible to get rid of it entirely, as the poison stays in the system. Both Miss Wava Herring and Mary Alice Reed have had serious sieges of it this summer. The former is better but the latter is still suffering very acutely with it. This malady is common in the east, and last June the New York Sun published innumerable letters from sufferers, each giving his or her particular remedy. On counting up, in number and variety they beat Heinz pickles to a frazzle, being nearer 100 than 57.

"Try It Out Yourself"

says the Good Judge

And you will find how much more satisfaction a little of this Real Tobacco gives you than you ever got from a big chew of the ordinary kind.

The good, rich, real tobacco taste lasts so long you don't need a fresh chew nearly as often. So it costs you less.

Any man who uses the Real Tobacco Chew will tell you that.
