Very Low Price**

This 40 light "F" plant comes to you completely mounted on one base. The power plant is the famous "Z" Engine which can also be used to furnish power for washing machine, churn, cream separator, etc., independent of the dynamo, either direct or through a line shaft.

Low speed engine and ball bearing dynamo assure long life, less attention, and lowest possible maintenance cost. Touch a button to start and another to stop. See this wonderfully efficient plant and let us explain all the details.

**40 LIGHT "F" PLANT**

(Complete F.O.B. Indianapolis)  
A distinctive design in larger "F" plants is offered as below:  
65 Lights  
100 Lights  
200 Lights

**REED & SHIBLEY**

**Two Year's Growth!**

The Deposits of this Bank have more than doubled during the last two years, as shown by the following figures:

September 8, 1918	\$125,542.63
September 8, 1919	\$193,879.03
September 8, 1920	\$266,251.78

While our total deposits have more than doubled, our time and savings deposits have increased more than FIVE FOLD during the same period. We regard this as a most remarkable evidence of the confidence of the people of this community in the Home Bank. We are endeavoring to give the very best banking service obtainable, and it is a source of gratification to realize that we have the active support of our people, without which the above showing would be impossible.
