ODD FELLOWS INITIATE CLASS

A goodly number of members were in attendance Saturday evening at the regular weekly meeting of Estacada Lodge, No. 175, I. O. O. F. the main business of the evening being the initiation of a class into the work of the first degree. Cyrus B. Lawrence, Gordon Lawrence, Harvey Gilgan and William Gilgan were the victims, and the goat was in prime condition for the occasion.

Estacada Lodge has one hundred members and is steadily growing. The building occupied by them and by the J. K. Ely store, is the property of the lodge and is entirely free from debt. They expect a substantial increase in membership during this fall and the coming winter, as many have signified their intention of joining the order as soon as the busy season ends.

The principles of Odd Fellowship are both Christian and human and as such they appeal to the young man who is starting in life and who wishes to affiliate with some organization whose object is to make this world of ours a better place to live in.

An Odd Fellow convention is to be held at Oregon City, October 29, and it is expected that a large delegation from Estacada Lodge will be present.

Reception to Teachers

Last Friday evening a reception was given in the M. E. church by the Ladies' Aid to the teachers of the schools, most of whom are new comers. A short program commenced proceedings, which consisted of musical selections, by Mrs. Dunlop and Miss Ruth Dillon, a reading by Mrs. C. J. Pimm and a recitation by Master Pimm who acquitted himself smilingly and most creditably. The Rev. F. Dunlop, pastor of the church, made the address of welcome to which Superintendent Burns responded. The remainder of the evening was spent in the dining room in a social way, light refreshments being served.

An Academic Dispute

The Norwegians question the claim that Columbus was the first to discover this continent. But it does not make any practical difference who was the first discoverer. In any case Columbus' voyage was most adventurous, and he it was who aroused European interest in America.

Our high school football team may be excused if they feel a little chesty just now.

A paper was circulated last week among the business men and others, to raise funds for providing the football team with new equipment. It met with a generous response as was right.

Those who like mushrooms must be careful to distinguish between the edible and poisonous varieties. The former can be distinguished by the color of its gills which at first are pink and later turn a dark brown. Never pick one whose gills are white.

Serial Film to be Shown

The Sunday night shows at the Family Theatre will consist of a serial film and a comedy. The title of the former is "Trailed by Three" with Stuart Holmes and Frankie Mann in the chief roles. It is most thrilling and the trail leads round the world and you are taken from the sky scrapers of civilization to the luxurious harem of an Eastern potentate; from America to the borderland of the Ottoman empire where east meets west in the conflict of civilization.

Republican Rally

There will be a rousing republican rally at the Family Theatre tomorrow, Friday, evening when Major Cassius R. Peck of Portland will discuss the issues of the campaign. Candidates for county offices will also be present. Women voters are specially invited.

Parent-Teacher Meeting

There will be a parent-teacher meeting in the High School auditorium next Tuesday at 3:30 in the afternoon. All mothers are urged to come and meet the teachers.

ESTACADA HIGH GAINS AGAIN

Outplayed and outgeneraled the Jefferson team bowed down to defeat at the hands of the local team by a score of 26-12.

From the spectator's point of view, this game was more thrilling than the Camas game, but a follower of the game would pronounce it a very ragged, gridiron scene, Estacada fumblers lost several touch-downs and proved to be the point winners for Jefferson. Raymond Lovelace was high man in gaining yardage through the line. Arnold Lovelace helped in bringing home the bacon by catching two long passes.

Saturday's game brought out several weak spots. Shifts have been made which is hoped will strengthen the team materially. The team's fight has increased 100% and their "pep" never lags.

The High School students, and especially the team, wish to express their sincere thanks to those who contributed to the fund for the purchase of new equipment. Forty-eight dollars were donated in all.

He will extend the store the full length of the lower floor to the alley, making it a hundred feet deep. The rear part will be used for storing purposes. Mr. Park will move on to the farm he has just bought of John Lovelace in Springwater.
