

"for clean oil in a clean engine"
Inside facts on a dirty job!

YOUR ENGINE requires an internal bath, frequently. Road dust, carbon from the combustion chamber, and fine particles of metal worn from the bearing surfaces get into the lubricating oil in the crankcase. All this dirt circulates with the oil through the engine. If it isn't drained out regularly there's bound to be excessive wear and tear.

Gasoline also escapes past the pistons and dilutes the oil.

Modern Crankcase Cleaning Service gets rid of the dirty, diluted oil,

flushes the crankcase thoroughly and refills with clean, fresh oil.

The garages listed below are now equipped to perform this needed service quickly and for a nominal charge. We use Calol Flushing Oil, which cleanses thoroughly without danger of contaminating the fresh Zerolene refilled into the cleaned crankcase.

TODAY: Bring in your car for Modern Crankcase Cleaning Service. It will result in better engine performance and longer life for your car.

GOOD TURNS ON CHRISTMAS

Chance for All to Aid the Friendless in Having Happy Yuletide Season.

REAL purveyors of Christmas cheer may often find a market for their precious wares outside the pale of charity, for all homeless people are not necessarily poor, and neither are all childless homes necessarily unhappy. Housekeepers who are short on homes may combine these two lackings and make Christmas day a merry delight for the grown-ups in spite of these unfortunate conditions.

There is always something peculiarly pitiable in the idea of any one "flocking alone" which should appeal to the home-maker without a family, so that this should be the occasion for her to gather in all the bachelor maids and homeless men of her acquaintance and give them a joyful opportunity to "flock together." Even the Scrooges, if she knows any, should be rescued from their lonely bowls of gruel and persuaded to open their shut-up hearts and wear them outside for general inspection, as Dickens says, "For Christmas daws to peck at." Therefore, collect six or eight of these birds of a feather who are destitute of near-by kith and kin and make your Christmas feast a center of good cheer for all the charming solitaires you are able to draw within its radius.—Woman's Home Companion.

Good Year for Violets.

Sweet peas have been forced for the Christmas market only for many years past. They must be started blooming before the cold weather begins. Then they will bloom all winter. Daffodils do not get in until February, but almost all the rest of the spring flowers, hyacinths, narcissuses, bavardia, and so on, are on the Christmas counters. Easter lilies, too, though rather cold and white for Christmas, are sold. Violets, are fine this winter, deeply, darkly, beautifully blue. Some mignonette now comes in enormous sprays. There are carnations but the bright red Christmas carnation is the favorite. Holly comes from the hills of Maryland and the south. The wild holly supplies the market and there has never seemed to be any perceptible diminution of the supply. Great quantities of it are purchased by all sorts of dealers, who decorate their stores with it and send out a sprig attached to every Christmas parcel.

SAD FATE

Wooden Soldier: After faithful service in the nursery for a year, I will be cast aside for a new toy this Christmas.

Dumb Animals Remembered.

The noblest observances of Christmas are its charities. In all ages and among all peoples the poor have always been bountifully remembered on that day, and in many parts of England and Scotland even the lower animals are given an extra feeding that they, too, may have cause for rejoicing when all mankind are glad. Many readers will remember Burns' address of the auld farmer to his mare when presenting her with an extra feed of corn on New Year's day. "A guid New Year I wish thee, Maggie. Hae, there's a ripp to thy auld baggie."
