This 40 light "F" plant comes to you completely mounted on one base. The power plant is the famous "Z" Engine which can also be used to furnish power for washing machine, churn, cream separator, etc., independent of the dynamo, either direct or through a line shaft.

Low speed engine and ball bearing dynamo assure long life, less attention, and lowest possible maintenance cost. Touch a button to start and another to stop. See this wonderfully efficient plant and let us explain all the details.
