

### Modern Crank Case Cleaning Service

Cleaning the crankcase is a troublesome job to the average motorist, who consequently neglects its regular cleaning. To remedy this condition and to add to the efficiency and life of automobile engines, the Standard Oil Company is sponsoring a new crankcase cleaning service, cooperating with high class garages throughout the Pacific Coast. This newly devised service is

indicated on the sign that identifies garages where this service is to be had. It is simple but exceedingly efficient. Just three operations are necessary to give this service; drain off the old diluted oil, flush out the crankcase with Calol Flushing Oil, and refill the crankcase with fresh oil of the correct grade for the engine. It's a while-you-wait service, too. Modern Crank Case Cleaning Service is a new step toward keeping engines fit for steady service; it means better engine performance and longer engine life.

## NOTICE TO OUR PATRONS

Extensive alterations have been made at our First and Alder Streets Passenger Station, and much better accommodations have been provided for our patrons.

This building is now being used exclusively by us and, in addition to the ticket office, lost articles' bureau and express, we have installed an "ELECTRIC STORE," where Mazda lamps and electric appliances may be purchased, applications made for electric light and power, and where light and power bills may be paid.

This will make it possible for our patrons to transact such matters of business with our company without going up-town to our main offices in the Electric building, and you will receive the same courteous and attentive service.
