Extensive alterations have been made at our First and Alder Streets Passenger Station, and much better accommodations have been provided for our patrons.

This building is now being used exclusively by us and, in addition to the ticket office, lost articles' bureau and express, we have installed an "ELECTRIC STORE," where Mazda lamps and electric appliances may be purchased, applications made for electric light and power, and where light and power bills may be paid.

This will make it possible for our patrons to transact such matters of business with our company without going up-town to our main offices in the Electric building, and you will receive the same courteous and attentive service.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F.
