WE LEAD, OTHERS FOLLOW!

We Have a Perfect Right to Make This Assertion!

We carried your Groceries through rain, mud and bucked the snow on our delivery routes.

Our competitors:—one said, "Ah, it will only last a short while. Another one said: "Ah, it won't pay."

But we see when the weather becomes nice and balmy, and the roads comparatively good, our competitor who says it won't pay, is the one who must follow us up.

It's to Lead and Have Others Follow.

Counterfeit Dollars

Produce trouble. So do Counterfeit Bank Accounts, where one's surplus is deposited in an old clock, old shoe, tin can, under a stump or "handy place," where it is easy to "get at." They are an open bid for trouble and loss.

Whether your surplus is large or small, its safety is assured by giving it Bank Protection, to say nothing of the convenience of a Bank Account.
