RED LETTER DAY AT THE M. E. CHURCH

The special services at the M. E. church last Sunday, proved a notable and exceptional occasion, and one which will be long remembered. As might have been expected from the presence of the distinguished visiting clergy, the church was packed to overflowing at the morning service. Bishop Shephard was the preacher, and he honored his hearers by giving them of his best. His sermon was masterly, in which he described the ascent and development of faith. Certainly those who heard him, must have been stirred by this inspirational effort.

Dinner in the church basement followed the service, and afterwards the Bishop, Dr. Youngson and Dr. Crawford, President of Allegheny College, Pa., were taken to Garfield, to see the Nora Looney memorial church, returning for the 2:30 service. Dr. Crawford spoke at this service on the value of a Christian heritage, and the Bishop on the growth of the church. By a happy co-incidence both Bishop Shepherd and Dr. Youngson emphasized Dr. Crawford's address by pointing out how he was an exemplification of his subject. The hope was expressed that some of the young people present that day, might be influenced to give themselves to the ministry of service in some form or other.
