## CAR TURNS OVER DRIVER IS HURT

Last Thursday evening between 7 and 8 o'clock, when Martin E. Holgate and his brother Ray, were coming towards Estacada, and were at the curve of the road, about 200 yards below the Currinsville store, where they met a truck approaching them. They turned out to the edge of the grade to avoid it, but the driver of the truck paid no attention they said, but kept the middle of the road. The consequence was, that the Holgate car slipped off the grade and turned over into the ditch, a fall of about twelve feet. Martin Holgate jumped when the car began to overturn, and escaped with a few bruises, but his brother Ray, who was driving, had the car fall on and pin him underneath. The driver of the truck, whose name is Loggan, and is hauling wood for J. E. Myer, of Portland, paid no attention to the accident and went right on without stopping. Help was summoned and Ray was taken out from under the car and brought to town. He went into a state of coma, which lasted till the following day. The doctor found that he had three ribs broken on the right side and his back injured. However medical treatment is putting him to rights. A warrant was issued, and served Monday, for the arrest of the truck driver, on two counts, that of not sounding an alarm on reaching the curve, and of not keeping to the inside of the curve. W. L. Campbell, the state inspector of motor vehicular traffic and also the sheriff, came later to investigate the matter.

Later: The case was tried in Justice Wooster's court, yesterday, before a jury consisting of A. E. Sparks, foreman, J. C. Duus, C. Duncan, R. Marchbank, W. H. Holder and G. R. Crawford. The prosecution was conducted by E. W. Bartlett and the defense by Bradley A. Ewers of Portland. The jury brought in a verdict for the defendant of not guilty.
