## NEWS WILL CHANGE FORM OF PAPER

This will be the last issue of the NEWS in its present form. A deal has just been concluded whereby we have acquired a cylinder press which prints a six-column folio paper. The change will be advantageous in many respects, in giving more space, and enabling the edition to be made in two runs instead of four, thus saving work. Being of standard size, we shall be able to use special features in plate matter more than formerly, for the Fourth of July, Christmas, etc., thus adding variety to the contents. It is possible that the next issue may be a little late, as it takes time to change presses and remake up the forms. If so, we beg our readers' indulgence. As considerable expense is involved in this change, we respectfully ask those in arrears to pay up and help us out.

### O. E. S. Initiates

A most delightful meeting of the O. E. S. was held Tuesday evening. There were two candidates for initiation, Mr. and Mrs. G. A. Lawrence. The Chapter room presented a most cheerful and charming appearance with its artistic decorations of roses and other cut flowers. The new pedestals for the Star points, were used for the first time. Miss Maude Sturgeon, as chairman of the entertainment committee, with her able assistants, were responsible for the pleasant surroundings, as well as the short program and delightful refreshments. Those present from out of town were Mr. and Mrs. J. G. Greenwood of Bull Run, and Mrs. A. Drill of Portland.

### 1916 Class Reunion

Last Saturday evening the first reunion of the class of 1916 of the Estacada high school, was held at the C. R. Lovell home in Currinsville. After the arrival of the guests, the class was summoned to a table resplendent with choice roses in the class colors, red and white, while the dinner which was served, allured the most delicate appetites. The place cards were the cause of much merriment throughout the evening, being in the form of a humorous kodak snap of each guest.

After dinner, Marjorie May Hogan, one of the five little members of the "1916 Junior Club," delighted with her cunning songs, readings and dance. Only the "wee smallness" of the hours convinced the class that their harmless hilarity should be discontinued until the next reunion scheduled for five years hence. Since 1916 nine of the seventeen members of the class, have attended or are attending, one or more of the following institutions: college, normal school, business college or art school. Four members have received diplomas, six have taught or are teaching in grade schools, while one member, Henry Spiess, is teaching science in a high school.

Coop, Mrs. Anders' two children Helen and Ronald and Baby Kreiger. Mrs. Rawlins was the recipient of a number of nice presents and a large bouquet of roses. All wished her and Mrs. Upton many happy returns of their natal days.

## STORES ROBBERED THURSDAY NIGHT

Last Friday, when W. E. Linn opened Marchbank's confectionery, and Jim Smith the Estacada Meat Market, they found that each place had been broken into during the night. Ingress had been made through the rear doors. At the market the thieves took \$15 from the cash register, milk money receipts, which Mr. Smith had left in it. At Marchbank's they made a rich haul, getting about \$15.00 in cash and \$400 worth of cigars, cigarettes, tobacco and candy. There were no clues, although car tracks were noticed in the alley. J. K. Ely also discovered that an attempt had been made to raise the window at the rear of his store, but it was too securely fastened to be raised.

### A Picture Worth Seeing

If you want to abandon for a while your work day worries about the H. C. of L., strikes and the like, and to be transported into another world of high adventure, pirates, and fights on the sea and land, go and see Maurice Tourneur's motion picture made from Robert Louis Stevenson's classic "Treasure Island." In a truly remarkable degree this producer has preserved the romantic flavor of Stevenson's novel. He has created a true-to-life atmosphere, and given the various roles in charge of players who enact them with sympathy and spirit. Shirley Mason imparts a charm and piquancy to the part of little Jim Hawkins that no boy actor could hope to duplicate. Lon Chaney, "The Frog," of "The Miracle Man," is a master of malignity in the dual roles of Pew and Merry. Charles Ogle is inimitable as Long John Silver. At the Family Theatre, Saturday and Sunday.

The Lee Stock Co., who satisfied three big audiences here recently will be at the People's Theatre, Estacada, June 30th. Of course you will go.
