

BARTON ITEMS

Mr. George Foreman has had his house painted which adds greatly its appearance.

M. Lonberry returned last returned last week from Barton, where he has been employed by Mr. W. P. Ferrel, the past few weeks.

It is rumored that a new general store is to be opened in Barton in the near future in the Burkhart building. Hurrah for Barton.

Mr. Ferrel had his dwelling re-modeled inside and many conveniences added. The front room was enlarged and oak grained paneling effect with wall board, with plate rail and trimmings stained golden oak, with painted ceilings and tinted plaster board above plate rail, which harmonizes with grained paneling, etc. Outside the house was given two coats fresh paint, which makes the premises look new. Notwithstanding the high cost of material, Mr. Ferrel spared neither time nor cost to get the best results.
