Annual Interscholastic Debate

The annual debate for which the high school is preparing will be held in the school auditorium on February 10th. Estacada debates with Milwaukie and Gresham; with Milwaukie here and with Gresham at Gresham.

The question assigned the North Willamet district this year is: Resolved, that the Plumb Plan for the management and control of the railroads should be enacted into law.

The Estacada team consists of Clyde Davis and Gilbert Shearer, affirmative; Melba Harman and Constance Richmond, negative.

The members have been working hard and should make a good showing for the school.

Those of our community who recognize the educational value and importance of this kind of training will wish to support it by their presence at the debate, and all others, whether interested in debate or not, have here an opportunity to "stand by" the school.
