# A 50-50 PROPOSITION FOR OUR CUSTOMERS

By becoming a profit-sharing stockholder in the Portland Railway, Light & Power Company, you can help pay your electric bills with dividend checks.

It is a simple, straight 50-50 business proposition, for a few shares of our 7 per cent Prior Preference Stock, now offered you at 96, have an earning power that will make it possible for you to offset your light bills with the returns from this stock.

In other words, this is a proposition that makes this Company work for you in two ways--It provides you a source of income as well as a necessary service.

## HERE'S THE PLAN:

It is comparatively easy for you to figure the approximate amount of your bills for a period of twelve months.

We will suppose, for example, that your monthly bill averages \$1.75. For the year it would be \$21.00.

Now then, the earning power of THREE SHARES of our 7 per cent Prior Preference Stock for one year is exactly that sum--\$21.00, so that the income on three shares of this stock is equivalent to what you regularly pay this company for service.

This stock can be purchased NOW at \$96.00 a share--cash, or easy payments, yielding you 7.3 per cent on your investment. While paying for the stock on the easy payment plan, interest at 7 per cent will be allowed on your payments. In other words, you are getting a good rate of interest on your savings all the time you are paying for this stock.

Call, write or telephone for full information.

DO IT NOW!

OUR EMPLOYEES ARE AUTHORIZED TO TAKE YOUR  
SUBSCRIPTION FOR ANY AMOUNT, ANYWHERE.

NOTE:—No stock having preference over this issue will be created without the consent of the holders of a majority of this class of stock.
