P. M. Wagner is making quite extensive improvements to the interior of his residence.

Quite a number of couples from Estacada attended a ball at Barton last Saturday night.

All of the sick in this locality on the way to recovery and no new cases are reported.

Mrs. D. B. Bass and daughters went to Portland Saturday, returning Sunday afternoon.

Pointer sells an Oregon made paint at \$2.00 and \$2.75 per gal. Let me estimate your job. 3-9tf

Clyde C. Saling has returned from eastern Oregon where he was working at the carpenter trade.

Mrs. U. S. Morgan and little grand-daughter and Mrs. Morgan's brother, James Williams, went to Gresham, Sunday.

DINTY has got 'em!
WHAT?
Rooms, Reasonable.
Kum in. 3-2tf

Mrs. Anna Mickulecky has gone to Portland to stay with her daughter, and has leased her residence to Mr. and Mrs. Gus Mahrt.

Among those who went to Portland from Estacada Saturday were Mrs. C. E. Kilgore, Mrs. C. M. Chambers Miss Mabel Wilcox and Mrs. R. C. Deming.

Lyle Wagner was brought home last Saturday. While in some respects he is better, he is still confined to his bed, and requires the constant attendance of a trained nurse.

William Bass and wife have moved into the Reed building on Broadway, having leased a part of the same from "Dinty" Moore. They have their clothes cleaning and pressing parlors in the front of the building.

If any body had any doubts as to the stability of the Estacada State Bank, they would be set at rest by the report of that institution which was published last week. Call at the bank and get a condensed summary of its financial condition.

If it is to be painted Pointer can do it right. Prices consistent with good work. 3-9tf

My new samples of wall paper from the largest wall paper house in the west have just arrived, prices from 10 cents a roll. Let me show them to you. Geo. Pointer the Painter. 3-9tf

The Rev. A. F. Lacy was unable to fill his pulpit last Sunday, and a Portland attorney, D. L. Mahone took his place. This gentleman was formerly a member of a U. S. commission to investigate affairs in the Philippines and the Orient. He gave a very interesting account of his observations, especially in regard to the utility of foreign missions.

I sell and hang wall paper. My 1922 samples of wall paper are all new patterns and show big reductions in price, over last year. They are priced 10c per roll up. Samples can be seen at Smith's Hardware, or a card mailed to J. W. Saunders, Rt. 1, will bring them to you. 1-26tf

Mrs. Charles Linn and son were visitors in Portland a few days last week.

Mrs. H. W. Graebel and two little daughters spent the week-end with relatives at Camas, Washington.

Mrs. R. Morse was home for a short time Sunday, accompanied by her brother. Dr. Morse is still confined in the hospital, but is improving slowly.

Osteopathic care during pregnancy and confinement has done more to relieve womankind than any other method now in use. Consult an osteopath for further information. 12-15tf

**How to Really Save
On Cost of Painting**

FIRST, find out what good paint is, for that is where you start to save on paint. We spend more to make paint for your economy as follows:

We use only the best materials in Fuller's Specification House Paints—PIONEER WHITE LEAD, pure linseed oil, zinc and finest colors.

We super-purify the lead in a special purifier. Then we make the lead so fine that it will pass through a silk screen with 40,000 meshes to the square inch.

The "whiter" lead means clearer-toned colors. The extreme fineness means better mixing quality, greater covering capacity, more ease in spreading—a paint that's always uniform and smooth.

Such paints when applied form a beautiful elastic, tough, protective coat that stays. They are known as "Fuller's Specification House Paints."

Where "Cheap" Paints Fail

Don't Figure Paint Economy as "Cost per Gallon."
"Cheap paints can't compete with good paints in economy. "Cheap" paint covers less—you buy more gallons. It is harder to spread, requires more work—so you pay more labor cost. Your "saving" in less cost per gallon is very quickly eaten up.

Cheap paint starts to crack in twelve months. Good paint remains good five or more years. It is really the cheap paint that is expensive. Don't allow surfaces to rot—it costs less to paint them.

There is no real cost in painting with the best paint. Depreciation of an unpainted building far exceeds the cost of paint.

Free Advice on Painting

ASK our agent for our free advice. He will show you a color card which shows 32 shades of this desirable paint.

We have a Fuller Specification Department which will tell you all about the most desirable color schemes, color harmony and those other details you want to know.

Take advantage of Fuller House Paints. Take steps to paint now. Don't let weather depreciate your investment.
