Keeping an Appointment

We had hard work to keep an appointment last Sunday morning. The train was late owing to power troubles so it was uncertain when it would arrive. We were due at Milwaukie at 11 o'clock, where the local I. O. O. F. lodge was to attend memorial services. It was 9 before we discovered the train condition, then we hustled around to get a car and drive, but there was none to be had at any of the garages. Finally S. Pesznecker said, he could take us in his "bug". By that time it was 9:30. Off we started and made good time, but just before reaching Carver there was a blow-out, but fortunately we were near a garage, where a new inner tube was procured and inserted. Off we went again and finally reached Milwaukie, considerably dusty and warm but on time with a few minutes to spare.
