## Exposition Will Benefit State

Presentation to the world of Oregon's scenic, farming and industrial attractions and opportunities through the 1925 exposition as the means of bringing thousands of investors into the state is the plan which is being placed before the people of Oregon by the committee in charge of the campaign in behalf of the exposition measure which goes before the voters at the November election.

This measure amends the state constitution so as to allow the voters in Portland to levy a tax upon themselves. It does not provide for any tax for the state outside of Portland although the state voters must approve the constitutional change.

"Oregon is not developed properly because we have failed to let the people of the world know what we have in our state," says Mayor George I. Baker, who heads the campaign committee. "Advertising is the best means of bringing about development of our resources and the exposition in 1925 is the best method of advertising that could be adopted."

"The exposition will bring thousands of people into Oregon. There will be investors, farmers, merchants and business people from all parts of the world. They will have money to spend and to invest. By having our products, our resources and scenic attractions on display we are certain to interest our visitors. The campaign which has been planned in behalf of the exposition measure will be carried into all parts of the state between now and November 6."

## Rev. A. F. Lacy Moves

The Rev. A. F. Lacy, to the regret of his parishioners and the town people generally, was transferred by the Methodist conference to Madras, in eastern Oregon. While he has been here only a year, yet he made a host of friends by his broadmindedness and genial manner. Mrs. Lacy will be much missed by the local congregation, for she was indefatigable in church and other good works. The best wishes of all go with them to their new field, which we hope will respond to their efforts to do it good. The new minister appointed to the Estacada charge is the Rev. H. F. Mort. Mr. Lacy, however, will be here Sunday and preach his farewell sermon.

## Radiograms Received

Yesterday evening, at the invitation of S. P. Pesznecker, we listened to the radio returns received by him. From Portland came reports of the suicide of Dr. Brumfield and the ball games. It is astonishing how clear the voice sounds. Sait Lake was also tried and communication established. If development along this line continues, a man will have to use the sign language if does not wish what he says, to become generally known. It recalls the scriptural prophecy: "that which ye have spoken in the ear in closets shall be proclaimed upon the housetops."

## BIG ENROLLMENT AS SCHOOL OPENS

The school year opened most auspiciously last Monday with the largest enrollment for the opening day in the history of both the high and grade schools. The figures were 102 for the former and 128 for the latter. A strong faculty in both schools is a promising feature for the coming year. With the exception of Superintendent Einarson and Mrs. Einarson of the high school faculty, and Miss Lela Howe, principal of the grade school, all the teachers are new comers. We bespeak for them not only a warm welcome but an intelligent cooperation from the parents and guardians of the pupils. The latter should uphold the discipline of the school and see to it that the children do not scamp the home preparation for their lessons.

The respective faculties are composed of the following members:

### HIGH SCHOOL

Karl E. Einarson, U. of North Dakota, superintendent.  
Miss Ivy C. Peterson, O. A. C., History and English.  
Miss Mary Atkinson, Oklahoma A. C., Commercial Dept.  
Percy Dawe, O. A. C., Manual Training and Mechanical Drawing.  
G. Harvey Jack, Pacific U., Science and Mathematics.  
Mrs. Jo Hammond Einarson, O. A. C., Domestic Science, Art and Biology.

### GRADES

Miss Lela Howe, Principal.  
Miss Esther Garbe, Primary.  
Miss Greta Brumage, Second Grade.  
Miss Helen Currie, Third Grade.  
Miss Clara Nelson, Fourth and Fifth Grades.  
Miss Dorothy Ward, Sixth and Seventh Grades.

## Suicide Is Confession

Dr. Richard M. Brumfield of Roseburg who was under sentence of death for murder, committed suicide about noon yesterday, by hanging himself in his cell in the state penitentiary at Salem. His act recalls one of Daniel Webster's masterly speeches, which used to be printed in the Fifth Readers some thirty or more years ago, in which he dealt with a similar case, the only refuge of the accused, he declared from confession was suicide, and he added, "suicide is confession."

## Purple Grapes

John Osborne is a number one fruit grower. His strawberries, raspberries and other small fruits are always of the highest standard, and now his grapes are proving equally so. At March-bank's confectionery some of his Concord's are for sale, which in size, bloom and flavor resemble the hot house varieties which fetch an exorbitant price per pound.

## P. T. A.

The first meeting of the year of the Parent-Teacher Association was held in the high school auditorium Tuesday afternoon. New officers were elected as follows: President, Mrs. R. H. Carter; vice-president, Mrs. G. P. Rose; secretary, Mrs. K. Einarson; treasurer, Miss Lela Howe; executive board, Mrs. Gerald Wilcox, Mrs. Mae Reed and Mrs. Hassell.

Postmaster Heylman was a visitor in Portland to-day.

We do Job Printing.
